

Wireless Printing at SLDL

As an e-mail attachment...

- Attach the file you wish to print to an e-mail
- Send the e-mail to: sldlprinter@hpeprint.com
- You may send a total of 10 attachments or less per e-mail, but the total size of all attachments cannot exceed 10MB

Apple Devices Using AirPrint...

- Open the app that you want to print from
- To find the print option, tap the app's share icon or "Tap" or "Print" ...
- Tap "Select Printer" and choose **SLDLPrinter**
- Choose the number of copies or other options, like which pages you want to print
- Tap "Print" in the upper-right corner

Android Devices Using HP Print Service Plugin...

- Download the **HP Print Service Plugin** from the Android Appstore
- Choose your content
- Open the photo or page you want to print, then tap the menu icon and select "Print"
- Select **SLDL_Printer**
- Change print settings via the down-arrow below "Paper Size"
- Print and enjoy - confirm the correct printer and print settings

Price is 10 cents per page (single-sided), 20 cents per page (double-sided)

Go to the Check Out Desk to retrieve your printout

Process may differ, depending on user device. Printing may be slower for large files
