The Board agreed to wait on pursuing a vaccine mandate. It was noted that at the current time, staff are wearing masks as recommended by the Ottawa County Health Department and patron use is recommended (but not required).
- Maggie noted that SLDL currently has an opening for a maintenance staff. She is pursuing an 8-week short-term contract for temporary help to cover this staff need. Chris Burns noted that it might a good opportunity to try using a contract employee in this position, and consider whether this might be a permanent solution for this staff position.

Old Business:

Roof Solar Panels – Maggie reported that when she got back to ChartHouse about the Board decision to pursue the 20-year lease for a solar installation, she was informed that the 20-year is no longer an option. They offered a 5-year lease at 3.65%, or a 10-year lease at 4.65% that includes a balloon payment the 5th year. ChartHouse did not the availability of a possible REAP grant – the grant writer would charge 10% (5% upon agreement to write the grant, and 5% when/if the grant is approved) Mary Eagin presented updated spreadsheets with these available options.

Mark Powers noted that he would like the board to have discussion about future use of the library. It was suggested that we should bring in a consultant and include community members in the discussions. Maggie noted that she already has plans to talk to a library design consultant.
