A Youth Library Card (Student Card Lakeland Library Cooperative name) may be issued to juveniles who are able to provide their full name, home address, telephone number, and date of birth but unable to provide a parent/legal guardian's signature and information. If there is a question as to whether the information on the application is accurate, staff members may request identification. This card may be used to check out one physical library item and any digital material. When the item is returned and off the patron record s/he may check out another. The student card may be upgraded to a full juvenile card when the Lakeland Library Cooperative conditions for the registration of Juveniles have been met.
